

CITY-WIDE SANITARY SEWER LINING & IMPROVEMENTS PROJECT – 2011
CITY OF FREEPORT WATER & SEWER COMMISSION
FREEPORT, IL

ADDENDUM NO. 3

Modification to the Bid Form: Modifications pertain to the revision in the Bid Form as found on Page 18 of 82 – Page 29 of 82. A revised Bid Form has been included in this addendum. Please use it in preparing and submitting your bid.

Clarification to Water Access: Public potable water shall be provided by the City of Freeport at no charge to the Contractor. The City may require metering of the water, but if required the City will supply the meter. In areas that are not near public potable water, the Contractor shall be responsible for either providing water to the site via a tanker truck, etc. or obtaining appropriate legal authority from an appropriate property owner(s) (who have the riparian right) at the points he/she needs to take water from the stream. If the Contractor chooses the latter, he/she must present legal proof of same to the City prior to commencement of Construction.

Clarification to Lateral Service Lines: Disregard any language in the bidding documents that pertain to televising and/or CIPP lining lateral services.

Modification to Bid Bond Amount: The Bid Bond amount for this project is **10%**. Please use this preparing and submitting your bid.

Modification to Bid Items 12 – 14: Modification pertains to the addition of clarification to sanitary sewer depths for the larger diameter pipes. This has been added for liner thickness clarification. Please use the revised Bid Items 12 – 26 in preparing and submitting your bids.

Clarification to Debris from Cleaning, Televising, and Lining: The City of Freeport Water & Sewer Commission will allow the Contractor to deposit debris collected during cleaning, televising, and lining to be dumped at the Wastewater Treatment Plant, 337 S. Hancock Avenue at no charge to the Contractor as long as the Contractor and his representatives follow the rules and regulations as laid out by the Commission.

Clarification to Storage: The City of Freeport Water & Sewer Commission will allow the Contractor to park construction vehicles at the Wastewater Treatment Plant, 337 S. Hancock Avenue at no charge to the Contractor as long as the Contractor and his representatives follow the rules and regulations as laid out by the Commission.

ADDENDUM NO. 3 CONTINUED

City-Wide Sanitary Sewer Lining & Improvements Project – 2011

City of Freeport Water & Sewer Commission

Date: August 5, 2011

FYI: All bid documents for this project are available on the City of Freeport Water & Sewer Commission's website:

(www.cityoffreeport.org/departments/water_sewer.htm)

The Commission has no way of verifying who has downloaded specifications and who intends to bid the City-Wide Sanitary Sewer Lining & Improvements Project – 2011 as a prime contractor, therefore we strongly suggest all bidders for the above mentioned project check the website frequently right up to the bid opening date for updates on all addendums. That is the only way to assure notification of all the addendums.

FYI: Just a reminder, Bids will be publicly opened and read aloud on August 12, 2011 at 2:00 p.m. in Council Chambers, 2nd floor, City Hall building, 230 W. Stephenson Street, Freeport, IL 61032. Bids must be submitted to the City Clerk's office of the same address, 2nd floor.
